### CEOS Acceptance of Event Supersite for Nepal Earthquake

Dear Dr. Fielding,

On behalf of the Committee on Earth Observing Satellites (CEOS) and in my function as Lead of the CEOS Data Coordination Team (DCT), it is my privilege to inform you that the DCT, in accordance with the selection process accepted in November 2012, based on the proposal you submitted on May 14, 2015 has accepted to support an Event Supersite for the Nepal Earthquake.

CEOS agencies intend to support the Nepal Earthquake Event Supersite with the following data resources:

Agenzie Spaciale Italiana (ASI)	COSMO-Skymed - about 230 archive acquisitions and about 100 products/month for 3 months
Canadian Space Agency (CSA)	Still under review
Deutsches Zentrum für Luft- und Raumfahrt (DLR)	TerraSAR-X - Up to 50 images

Data will be made available free of charge for the purposes described in your proposal for the Nepal Earthquake Event Supersite on a best-effort basis. For individual data access procedures and applicable license and access conditions please contact

Simona Zoffoli ([simona.zoffoli@asi.it](mailto:simona.zoffoli@asi.it)) for COSMO-Skymed data  
Christine Giguere ([Christine.giguere@asc-csa.gc.ca](mailto:Christine.giguere@asc-csa.gc.ca)) for Radarsat data  
Achim Roth ([tsx.science@dlr.dr](mailto:tsx.science@dlr.dr)) for TerraSAR-X data

Sincerely,

Brenda Jones
