

Our Ref.: 2008361/GEO/7th CBC/INV

GEO Capacity Building Committee
C4
Task leads

Geneva, 25 April 2008

Dear Capacity Building Committee Members,

On behalf of the Centre of Hydrometeorological Service of Uzbekistan (Uzhydromet), it is my pleasure to invite you to participate in the seventh meeting of the Committee.

The 7th CBC meeting will take place on the 3th and 4th June 2008 in Tashkent, Uzbekistan. The meeting will be followed by a meeting of the CBC Co-Chairs on 5 June 2008.

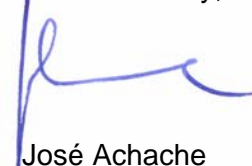

A major portion of the discussion will be devoted to the development of the new work plan and progress with current work plan task implementation. A detailed agenda for the meeting will be published in due course.

To this end, I would strongly encourage the Committee Members and the Leads of tasks falling under the Capacity Building Committee to attend this meeting. To ensure continued synergy between committees, Co-chairs of other GEO Committees are also encouraged to attend the meeting.

Please confirm your participation by e-mail to the GEO Secretariat (secretariat@geosec.org) with a copy to Mr Yong-Seong Kang (ykang@geosec.org). Please indicate "CBC-7 Meeting Tashkent" in the subject line of your communication. Information about travelling to Uzbekistan is attached in the annex of this letter. Also attached is a draft agenda for the meeting.

Please do not hesitate to contact the GEO Secretariat if you have any questions or require additional information. The central address for electronic mail communications is secretariat@geosec.org. Or you may contact us by telephone: +41 22 730 8505 or by fax: +41 22 730 8520.

Yours sincerely,

José Achache
Secretariat Director
