

GEO Supersites Splinter Meeting @ EGU 2013

Tuesday, April 9, 2013 17:30 to 19:00, Room Y7

Overview and Status

1. Introduction to Supersites initiative

(MassimoCocco, EPOS, Supersites SAC)

Presentation: Cocco_Supersites EGU2013.pptx

2. Stakeholders' view (Francesco Casu, ESA)

Presentation: Casu_UNAVCO StakeholderView_EGU2013.pptx

(Question by M. Cocco: Clarify what e-infrastructure is required / foreseen at 'local level' vs. (in addition to) what is provided by ESA as "integrated service". Casu: details in presentation in 2nd part (Portal)

3. Potential future supersites

– France (Reunion / CarribeanVolcanos) (Nikolai Shapiro, IPGP)

Presentation: Shapiro_ipgp_volc_EGU2013.ppt

France is waiting for feedback from Falk Amelung / SAC on way ahead regarding application for Supersite.

- Israel (Dead Sea) (Gidi Baer, GSI)

Presentation: Baer_DeadSea_supersite1_EGU2013.ppt

4. Status and plans for European Supersites

FreysteinnSigmundsson, IES, Iceland

See FutureVolc website <http://www.futurevolc.hi.is/>

The FutureVolc e-Infrastructure is / will be connected to EPOS.

HalukOzener, KOERI, Turkey

Presentation: Ozener_Marsite_SS_IST_EGU2013

Comment: the data portal is currently under development (will carry campaign data and likely also some near-real time data)

Giuseppe Puglisi, INGV, Italy

Presentation: Puglisi_MED-SUF@glance5-EGU2013.ppt
Comment: e-infrastructure will follow Inspire (and Supersites data plan)

5. [cancelled: Presentations on other data sets that could/should be linked to GSNL infrastructure]

6. Discussion/questions

General comment (Cocco): an overall road map for implementation is needed, in particular with regard to 3 European GEO-supersite proposals that are attached also to EPOS

Technical discussions

1. Supersites infrastructure: data access services & tools (Chuck Meertens, UNAVCO)

Presentation: Meertens_Supersites_Data_EGU2013

2. Supersites entry portal (Francesco Casu, ESA)

Presentation: Casu_UNAVCO SupersitesPortalv4_EGU2013.pptx

No time left for technical discussions after the presentations.
