

# Programme Board Results – Day 1

**Tim Haigh, Co-Chair Morning Session Day 2**

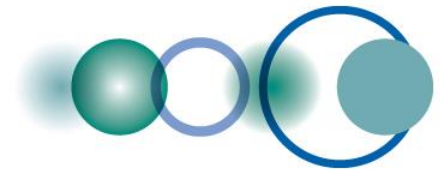

**03 February 2016  
Geneva, Switzerland**

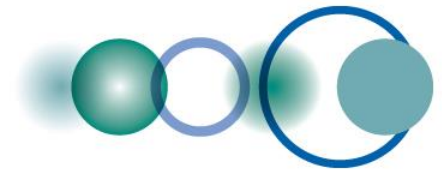

# Day 1 Findings (2016)

- **Overall Construct – Support for Foundational Tasks, Initiatives, Flagships and Community Activities.**
- **Criteria for distinctions among implementing mechanisms need confirmation, and need to be reflected in the Implementation Plans and reporting requirements (ASAP).**
- **Attention for criteria to be given to: performance indicators, partnership with users, capacity building, branding, and resourcing risks/shortcomings.**

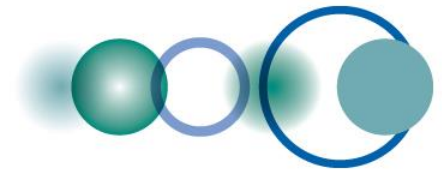

## Day 1 Findings (2016), cont.

- **Need for timeline, Year-at-a-Glance, including milestones to Work Programme Symposium.**
- **Link to Sustainable Development Goals (SDGs) implementation and monitoring.**
- **Regional implementation of Foundational Tasks.**
- **Reporting to March/July Executive Committee based on Co-Chairs' guidance.**

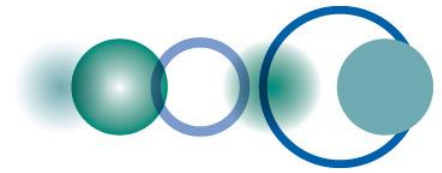

# Post Session 10 Elements

# Preparing for 2017-2019

- **Need for visibility of Science & Technology.**
- **Programme Board feedback to communities for process improvement and increased engagement.**

## Preparing for 2017-2019, cont.

- **Use of advisory structures and sunset clauses.**
- **process on performance indicators.**
- **Resource reconciliation across Work Programme.**
- **Flagship recommendation process.**
- **Recommendations to Plenary (WP).**
- **Reviews and evaluations.**
