GEOSS Common Infrastructure Coordination
Team

Geneva, 28 January 2010

Dear Members of the GEOSS Common Infrastructure Coordination Team,

With this letter, I invite you to participate to the kick-off meeting of the GEOSS Common Infrastructure Coordination Team, which will be held on 23 and 24 February, at the GEO Secretariat in Geneva, Switzerland.

The objectives of this meeting are to familiarize the members with the work of the previous Task Force, to complete the deliverables for the March Executive Committee meeting, to commence the process of GCI component selection, and to nominate co-chairs for subsequent approval by the Executive Committee. Please find the Agenda of the kick-off meeting attached to this letter. For questions please contact the GEO Secretariat (Koki Iwao: kiwao@geosec.org, and Rob Koopman: rkoopman@geosec.org) via e-mail.

The work of this Coordination Team will be of pivotal importance to strengthen the System of Systems. I look forward to collaborating to you in this endeavour.

Yours sincerely,

José Achache
Secretariat Director
