

The logo for 'datos.gob.mx' consists of a graphic of five horizontal white bars of varying lengths on the left, followed by the text 'datos.gob.mx' in a large, white, sans-serif font.

The Global Partnership of Sustainable Development Data:

Open Data as Enabler of the Data Revolution

POVERTY **HUNGER** HEALTH

EDUCATION **EQUALITY**

CLEAN ENERGY WATER AND SANITATION

SUSTAINABLE CITIES INDUSTRY **EDUCATION**

INEQUALITIES CONSUMPTION & PRODUCTION

LIFE BELOW WATER **CLIMATE ACTION**

STRONG INSTITUTIONS LIFE ON LAND

PARTNERSHIP FOR THE GOALS

GLOBAL PARTNERSHIP
FOR SUSTAINABLE DEVELOPMENT DATA

“The Global Partnership for Sustainable Development Data **supports data-driven decision-making by catalyzing more open, new, and usable data** to help end extreme poverty, combat climate change and ensure a healthy life for all.”

—www.data4sdg.org

+70 champions from governments and all sectors of society work together for 5 main goals:

Support multi-stakeholder data initiatives

Help develop and build support for international principles

Contribute to filling data gaps

Convene thematic, local, regional and global data events

Through **+100 commitments** to use data to achieve the SDGs

SDG delivery through collaboration at the local, regional and global levels

Agenda 2030 de Desarrollo Sostenible

Objetivos de Desarrollo Sostenible

Iniciativa del Gobierno de la República, el Programa de las Naciones Unidas para el Desarrollo (PNUD) y la Agencia Mexicana de Cooperación Internacional para el Desarrollo (AMEXCID) a fin de poner a prueba un conjunto de indicadores de inclusión social y una plataforma piloto para el seguimiento de los Objetivos de Desarrollo Sostenible.

MÉXICO PRESIDENCIA DE LA REPÚBLICA P N U D AMEXCID

VER VIDEO

Consulta datos de más de 100 indicadores correspondientes a los Objetivos de Desarrollo Sostenible. Primero selecciona un objetivo, y posteriormente elige un indicador:

	1. Fin de la pobreza		10. Reducción de las desigualdades
	2. Hambre cero		11. Ciudades y comunidades sostenibles
	3. Salud y bienestar		12. Producción y consumo responsables
	4. Educación de calidad		13. Acción por el clima
	5. Igualdad de género		14. Vida submarina
	6. Agua limpia y saneamiento		15. Vida de ecosistemas terrestres
	7. Energía asequible y no contaminante		16. Paz, justicia e instituciones sólidas
	8. Trabajo decente y crecimiento económico		17. Alianzas para lograr los objetivos
	9. Industria, innovación e infraestructura		

Explore, Compare and Visualize

- 300 dataset from 100 social and economic inclusion indicators related to SDGs on:
 - *education, poverty, economic growth, inequality and wellbeing*
- To follow the delivery of SDGs in an open, transparent and collaborative way
- Available in Open Source for the international community to use and improve [SDG Tool](#) |

International Open Data Charter

key principles to promote coherence and collaboration between open data initiatives across the world

Principles

Open Data Sectoral Packages to promote targeted impact:

1. Open Data by Default
2. Timely and Comprehensive
3. Accessible and Usable
4. Comparable and Interoperable
5. For Improved Governance and Citizen Engagement
6. For Inclusive Development and Innovation

- Anti corruption, (G20)
- Climate Change, (COP21)
- Geospatial information, (GEO)

opendatacharter.org

Sustainable Development Data Roadmaps consisting of actions, policies and tools to support the delivery and monitoring of the SDGs.

Data Roadmaps will:

- **Promote principles and norms**, related to sustainable development data collection, access and use.
- **Support the generation and sharing of data**, to fill key sustainable development data gaps.
- **Expand openness**, to increase the timeliness, interoperability, use and value of existing data.
- **Increase the effective and efficient use of data**, to improve sustainable development outcomes.

Mexico is developing an SDG Data Roadmap through its Open Data Policy,
