

RECENTLY FORMED EUROPEAN NETWORK OF EO NETWORKS (ENEON) AS A NEW GEO INITIATIVE

Tuesday, November 10th, 2015 16h30-18h00
Ministry of Foreign Affairs (Jose Morelos Sección A)

This 1:30h side event will explain will present the mission, goals, objectives and exact purpose of the network of networks. In GEO, ENEON can be useful to monitor the gaps and redundancies in EO and thus guide funding agencies to the main priorities to cover those gaps.

Time	Activity
16:30-16:40	Welcome, ConnectinGEO introduction and event overview (Joan Masó, CREAM)
16:40-16:50	ENEON Network and needs (Joan Masó, CREAM)
16:50-17:05	Increase the exploitation of GEOSS data (Michel Schouppe, European Commission)
